

Product

Magnetic stirrer with heating

Category: Equipment / Stirrer / Magnetic / With Heating

Description

Magnetic stirrer for mixing 20l of liquid and heating up to 340°C

Specification

- Model ART-Basic
- Max stirring capacity(H₂O) 20L
- Motor output 9W
- Stirring direction Clockwise/Counterclockwise
- Display type LED
- Speed range 50 - 1700
- Heating power(W) 550
- Stirrer bar length 20-60mm
- Temperature unit °C/°F
- Temperature range plate RT- 340°C
- Outer temperature sensor PT1000
- Adjustable safet temp. range(°C) 28 - 370
- Plate material Aluminum alloy ceramic coating
- Intermittent mode Y
- "Allowable ambient temperature and humidity" 5 - 40 °C / 80%
- Plate size(mm) φ138
- Product size(WxDxH mm) 160×272×97
- Protection grade DIN EN60529 IP42
- Power voltage 220V 50HZ
